

The Blue Door Nursery

Summary Prospectus

We are...

A family owned private day care nursery, for children between the ages of 0 and 5 years. The Nursery is committed to providing family friendly childcare which means all fees are fully inclusive of food, nappies and wipes – there are no hidden extras. Being privately owned allows us the flexibility to provide the care that our families need – we are able to tailor each child's day individually including arranging for extra hours in addition to our regular sessions which are charged at a separate hourly rate. We are also proud of our ability to provide last minute care for our children when necessary – we understand that unexpected things happen in busy lives!

All our teaching is delivered through play with children working with their peers in key groups supported by extremely well qualified staff. Ofsted described the quality of the learning opportunities at The Blue Door as "exemplary" [OFSTED 2009]. In 2015, Ofsted again praised the nursery saying "Staff have a highly impressive knowledge and understanding of child development; they pay particular attention to detail within their teaching approach. This ensures that all children reach their full potential and achieve excellent outcomes."

We welcome visits from parents at any time and are happy to spend time talking about how we can help you and your child at Blue Door, just call us on 01323 491821 to book a show round.
